MONTAUK MODERN

SHINGLED ON ONE SIDE, STREAMLINED ON THE OTHER, THIS BLUFF-TOP RESIDENCE IS A STUDY IN CONTRASTS

SOARING HEIGHTS | The great room's ceiling is made from oak boards that were soaked in saltwater and weathered before installation. Burnished-copper dining tables are from Desiron; the Mark Albrecht dining chairs and counter stools and Bassam Fellows leather easy chairs are all from Suite New York. The gray microfiber sofa is from De La Espada.
